

PYRA®

ประเภท LED Neonflex

Model	PYRA® LED Neonflex
Power Consumption	10 W
Color Temp.	RGB
Input Voltage	DC24V/AC110V /AC220V-240V
LED beam angle	60°±2°
Feature	<ol style="list-style-type: none"> 1. High Power, energy conservation, high brightness, good heat dissipation 2. No flicker, no harm to eyes and health design 3. Compact and polishing and beauty design. 4. Size: 24*12mm
IP Ratings	IP65
Advantage	<ol style="list-style-type: none"> 1. Constant current design, low light degradation 2. Energy-saving efficiently, 1/10 the energy consumption of glass neon 3. Good heat dissipation 4. Long life time: over 50,000 hours 5. Ultra bright LEDs 6. Low heat, Easy to install 7. Low maintenance cost 8. 100% unbreakable. 9. Low voltage safe
Warranty	10.Easy setting, shock-proof and concussion-proof 1 Years

Certifications

PYRA® LEDs lighting products have certifications granted by international technological laboratories that guarantee the highest quality in terms of efficacy, efficiency, performance and consumption.
